Subject: SCE&G Rate Hike

To Whom It May Concern,

I haven't been able to attend any of the meetings to voice my concerns over the rate hike. I hope that this email will reach the proper individual(s). Just like a lot of residents have already voiced, I CANNOT AFFORD TO PAY ANYMORE! I am a single mom of 2 girls, working 3 jobs trying to make ends meet, which I do without any help from ANY state or federal agency (including health insurance), and I would like to keep it that way.

SCE&G needs to follow the likes of everyone else. First off stop the bonus', then look at cutting expenses everywhere they can and lastly furloughs as a last resort. A 10% increase is crazy, normally we get a 3% cost of living raise at a typical job, I would like for SCE&G to send a letter to my employer(s) indicating that I need a 10% cost of living increase this year because of their rate hike. I am sure that my employer would laugh in their faces and be astounded that they even requested such an increase.

Big companies are continuing to kill the little people, the people who infact made them "big". Without us SCE&G would be no one.

Sincerely,
Brittain Boseman
